## 1. Lobi Children

The *joro* (coming-of-age) ceremony scares them

Pray that they'll learn about Jesus and His power

## 2. Church leaders

Many new converts (growth rate 5.4%)

Delicate political situation

Members often can't read

## 3. Bible translation

Only two of their languages have the whole Bible, 27 are in progress, 20 more are being assessed for the need

## 4. Christian literature

Small Christian bookstores in capital

Need to distribute more

## 5. Burkinabé people migrating to cities

Caused family and economic problems
