

Prayer Needs in Libya

1. Sunni Islam is the state religion.

No form of Christian witness to Libyan citizens is allowed.

2. Other Christians

There is a foreign Christian community

Mostly nominal Christians: need revival

3. Evangelism

No open evangelism is possible

Need creative ways to reach the people

4. Christian radio

One of the only ways to directly reach the Libyans

Follow-up is almost impossible

5. Literature and tapes

Can only enter the country illegally

Pray for conversion of censors
